

# AgSource DAIRY DIAGNOSTICS

Milk & Blood

## You have questions ...

Is she pregnant? Does she have Leukosis or BVD? What's causing mastitis? Is she Johne's free?

## Diagnostic tests provide answers ...

**NON-INVASIVE | LABOR-SAVING | FAST | COST EFFECTIVE | FLEXIBLE**

Choose the animals and tests you need. Milk tests can be performed on regular, preserved DHI test-day samples, or in between tests. Not necessary to be on DHI test. Sample supplies are free upon request.

## Tests We Offer

- **MILK PREGNANCY** – no stress way to learn if she's with calf or not as soon as 28 days post breeding (ewes and does as early as 28 days post breeding).
- **DG29 BLOOD PREGNANCY** – use on heifers as soon as 29 days post breeding, and 90 days post calving (ewes and does as early as 35 days post breeding).
- **LEUKOSIS MILK TEST** – undetected, this disease reduces repro efficiency and milk production and if present can bar export of animals and embryos and result in condemned cull cow carcasses
- **BOVINE VIRAL DIARRHEA (BVD) MILK TEST** – This disease causes respiratory and reproductive problems in the herd, as well as lost production. Screen for its presence with this simple milk test.
- **JOHNE'S MILK OR BLOOD TEST** – This disease is costly and prevalent. The only way to eradicate it from your herd and contain spread is to test for it.
- **EASY MASTITIS MILK TEST (Contagious Panel)** Learn if Staph, Strep or Myco are at the root of your SCC problems. This test identifies the pathogen responsible, dead or alive.
- **EASY MASTITIS MILK TEST (Complete Panel)** Expanded panel uses same DNA based technology to identify the contagious pathogens mentioned above, plus commonly occurring environmental pathogens that cause infection as well as the beta-lactamase (penicillin resistance) gene. Know what you're dealing with and treat accordingly.

## Combo Specials and Volume Discounts

- **TOTAL COW CARE PACKAGE** (ideal for herd dispersals, new purchases and dry off) includes Milk Pregnancy, Johne's and Complete Panel Easy Mastitis Test
- **JOHNE'S AND LEUKOSIS MILK TEST**
- **PREGNANCY AND JOHNE'S MILK TEST**
- **PREGNANCY AND JOHNE'S BLOOD TEST**
- **EASY MASTITIS BULK TANK SAMPLES**
- **POOLED EASY MASTITIS SAMPLES**
- **CREATE YOUR OWN TEST COMBOS**
